UK Chapter of ICF Volunteer Opportunity | Webinar Presenters

Credentialing & Standards Directorate | 2027 Programme

Who we're looking for

We're building a pool of confident, ICF-credentialed coaches to help deliver our established programme of educational webinars to the UK coaching community.

With a suite of presentations and supporting materials already prepared, this is primarily a delivery role. We're particularly interested in volunteers who:

- Hold a current ICF credential
- Have a sound understanding of ICF credentialing requirements, Core Competencies and professional standards
- Are confident presenting online and explaining information clearly and accurately
- Can engage participants, respond thoughtfully to questions and recognise when clarification from ICF Global is needed
- Understand the importance of meeting agreed learning objectives and Continuing Coach Education (CCE) requirements

Previous webinar delivery would be an advantage.

Maintaining professional standards

Our webinars form part of the UK Chapter's professional development offering, with sessions providing Continuing Coach Education (CCE) credits.

The Credentialing & Standards Directorate will provide guidance and support on the content, monitor any changes in ICF guidance and coordinate any necessary updates.

Presenters will familiarise themselves with the slide decks and deliver the online webinar sessions.

Time commitment

Most webinars take place on Tuesdays from **12.30 pm to 1.30 pm UK time**, with occasional Friday sessions. Preparation will mainly involve reviewing the existing presentation and any relevant updates.

2027 Webinar Programme

Volunteers are welcome to express an interest in delivering one or more of the following sessions.

February to June 2027

Date	Webinar
Tuesday 9 February	Demystifying Your First ICF Credential
